# Why *ORIGIN*

*"We don't just sell products. We develop know-how, then make it repeatable."*

01
## French artisan know-how
Recipes developed by professionals trained in the French school.

02
## Central Kitchen in Riyadh
Daily production, compliant with Saudi regulations.

03
## Premium raw materials
Couverture chocolate, French flours, house-made preparations.

04
## Consistent quality
Validated recipes, regular production, permanent quality control.

05
## Controlled cold chain
Fresh, raw, par-baked or finished-frozen products, as you need.

06
## A partner, not a supplier
From finished product to made-to-measure: we adapt to your brand.

# Event *Box*

Your event, turnkey: rent our box and trays to showcase your desserts, with or without our team.

## Box and tray rental

A ready-to-install dessert space, filled with our pastries.

## With service by our team

Our staff sets up, serves and clears during your event.

## Without service

You handle the service; we provide the box, the trays and the desserts.

*Price on request · hotels, weddings, meetings, launches*

# Entrust us with *your creation.*

You have the idea, the concept or the recipe. We develop it, make it and deliver it, in your name. ORIGIN's R&D team works for you, from the first prototype to regular production.

## Your recipe, our Central Kitchen

From idea to ready-to-sell product: development, prototypes, validation and launch.

## Your constraints, our expertise

Gluten-free, no added sugar, allergens, nutritional profiles, special textures and formats.

## Your menu, always fresh

Limited editions, seasonal ranges, cost optimisation and production consistency.

*On quotation · depending on scope and volumes*

# The method *OPM™*

For any made-to-measure or white-label recipe, our R&D team follows OPM, the ORIGIN Product Methodology: eight phases so that a product is excellent, profitable and repeatable before launch.

00
### Strategic brief
Brand, target, selling price and target food cost, constraints, volumes.

01
### Research & development
Ingredients, first recipes and prototypes, several directions.

02
### Taste & visual validation
Taste, texture, balance, finish: quality first.

03
### Cost optimisation
Food cost, weights, yields, without touching the balance.

04
### Production engineering
Recipe turned into a repeatable standard.

05
### Technical documentation
Recipe sheets, process, SOPs, shelf life, control points.

06
### Commercial documentation
Sales sheet, allergens, nutritional values, storage.

07
### Final validation & launch
Last adjustments, ready to produce and sell.

### Catalogue
Start-up in 1 to 2 weeks

### Made to measure · OPM™
Full development in 5 to 7 weeks

### You receive
Validated recipes, technical and commercial sheets, food cost, recommended price

# White *label*

Two ways to work under your name, depending on whether the recipe is yours or ours.

MODEL 1

## Your recipe, our production

You entrust us with your recipe or specification. We make it in our Central Kitchen, with your formats, weights and label.

MODEL 2

## Our recipe, your brand

You choose a recipe from the ORIGIN catalogue, or one developed for you by our R&D team, and sell it under your brand.

### In both cases

SFDA compliance, technical and allergen sheets, validated shelf life, production consistency.

### Terms

Minimum volumes, labelling and lead times: on quotation.

20

# Subscriptions *B2B*

A regular supply, without thinking about it. You set the selection, we deliver at the pace of your business.

01

## Recurring delivery

Daily, 3 times a week, 2 times a week or weekly.

02

## Tailored selection

A range composed with you, adjustable with 48 h notice.

03

## Adapted pricing

Depending on volume and duration: price on request, subscription available.

### Cafés & bakeries
Morning viennoiserie, breads, display cakes.

### Hotels & restaurants
Individual desserts, breads, breakfast.

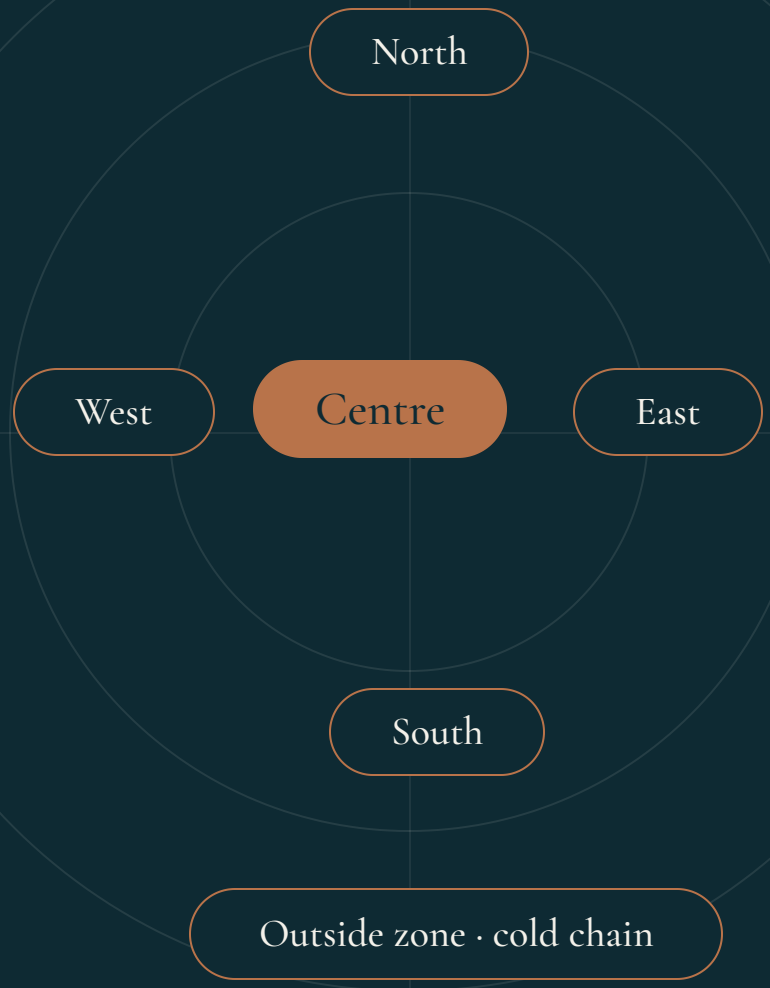

### Caterers & events
Platters, petits fours, boxes.
